FULLSTACK DEVELOPER

## SUMMARY

Front-end and Back-end Developer with expertise in HTML, CSS, JavaScript, Bootstrap, Angular, Java, Spring Boot, and Oracle. Experienced in web development, performance optimization, responsive design, and RESTful APIs. Skilled in agile methodologies, continuous integration, and building user-friendly solutions.

## EXPERIENCE

**NATHAN DYNAMIX | INTERN** JAN. 2025– Present

*Java Full Stack Developer intern* Cuddalore

During my internship, I worked closely with the developmental team on various Java Full stack developmental tasks, including designing, developing, and maintaining web applications using front-end and back-end technologies. Contributed to serve-side applications using java, springboot and related technologies. Colloborated with the team to resolve technical issues, ensuring timely project delivery.

## PROJECTS

**LANDING PAGE | HTML5, CSS3, Bootstrap, JavaScript:**

Developed a dynamic e-commerce website using HTML5, CSS3, JavaScript, and Local Storage. Implemented user authentication with session management and a product search feature. Built a shopping cart system for adding/removing items and calculating totals. Designed a responsive, user-friendly interface optimized for various devices, enhancing user experience.

**BANKING MANAGEMENT SYSTEM |Java, OOP Concepts, Stream API, Collection Framework.:**

Developed a console-based Banking Management System in Java using OOP principles and Stream API for efficient data handling. Implemented key functionalities such as account details viewing, search by account number, deposits, and withdrawals. Focused on clean, readable code with all logic maintained in a single file for simplicity.

## TECHNICAL SKILLS

**Front-end Tool:** HTML, CSS  
**Front-end framework:** Bootstrap, Angular, React  
**Programming languages:** Javascript, Java  
**Back-end Framework:** SpringBoot

## EDUCATION

**Vel Tech Multi Tech College of Engineering** APRIL 2024

*B.E(Bio Medical Engineering).* CGPA : 7.7

## CERTIFICATIONS

**HTML, CSS, Bootstrap, JavaScript, Angular Course** 2024

*Besant Technologies*

**Java, Spring Boot, My SQL Course** 2024

*Besant Technologies*
